- ✓ Conforms to BS6440

Range

Under the surface, the Wessex Open Liberty Lift range embodies four decades of design innovation. A direct acting hydraulic cylinder provides a smooth quiet ride, whilst large, tactile buttons provide easy to use controls.

On the outside, a Bleu Sable architectural powder coat finish provides excellent exterior durability and colour retention. However, good design is not all about appearance; it is also about function, with the Wessex LL functionality has never looked so good.

Customer Care

At Wessex Lifts, what matters is total Customer care and attention. Wessex offers a complete service package – from project feasibility and professional advice, to home assessment, manufacture, installation and after sales service. From the time of your initial inquiry, our experienced personnel are on hand to offer the diamond class of personal service at every stage of your journey with us.
